Excel for the Business Professional

Length/CPE Hours

CPE 6.25 hours

Class Time

9:00 a.m. – 4:00 p.m. Central Time 45-minute lunch break.

Course Description

This class is designed for the student who wants to learn how to build a spreadsheet from scratch using basic formulas. In this class you will learn how to navigate large spreadsheets and great keystrokes to improve your speed. You will learn how formatting effects the way a cell looks but not its value. We will also look at how to overcome certain print issues. Have you been using a spreadsheet that someone else designed but you don't know how they created the formulas? In the class, you will learn:

Excel Basics

- Understand the Excel screen and modify the Quick Access toolbar, Ribbon and Status Bar
- Enter and Edit Data and Understand Excel modes
- · Learn the difference in Clearing Content, Formats, Comments and more
